

Family Support Services

from Accord

Accord's Family Supports Services is a waiver-funded program that's ultimate goal is to increase independence and community connections for individuals with disabilities.

Accord offers four types of Family Supports: Personal Supports, Respite Care, Homemaker Services, and Night Supervision Services. Individuals can choose the staff that support them.

Respite Care

Respite is a short-term care service intended to provide a break or relief to an individual's primary caregiver(s). Respite may be provided in the individual's or the Respite providers home.

Home Management includes meal prep, shopping for food, clothes and supplies, simple household repairs, and arranging for transportation. Activities of Daily Living (ADLs) include bathing, toileting, grooming, eating, dressing, and assistance walking. Homemaker Services are available under various payment options including private pay.
